

**II INTERNATIONAL SYMPOSIUM  
"INNOVATIONS IN LIFE SCIENCES"  
Information letter**

Dear Colleagues!

We invite you to take part in the II International Symposium "INNOVATIONS IN LIFE SCIENCES" from May 19 to 20, 2020. The symposium will be held in a remote format in order to prevent the spreading of coronavirus infection. The event is integrative and brings together specialists in the field of genetics, biotechnology, pharmacy, veterinary medicine and food technology.

The event is organized by Belgorod State National Research University.

The symposium brings together a number of scientific events (conferences, round tables, seminars, open lectures and BIOTECHPHARMA competition-exhibition).

**The main directions of the symposium:**

1. Ecological Questions, Environmental Issues and Environmental Education in Modern World
2. The pharmaceutical cluster as an integration of science, education and production
3. Fundamental and applied aspects of biotechnology and microbiology
4. New horizons of bioorganic and bioinorganic chemistry
5. Sorbents - as factors of quality of life and health
6. Innovation in nutrition technology
7. Biosafety as the basis of pharmaceutical production and veterinary medicine
8. Nano-biosensor and computer biology in life science

Within the framework of the international symposium it is planned to hold the final of the competition and exhibition of student innovation projects BIOTECHPARMA, which purpose is to stimulate the active participation of students in scientific and innovative activities.

**Main dates:**

April 30, 2020 - end of registration and abstracts submission

May 19, 2020 - opening of the symposium, plenary meeting

May 20, 2020 - breakout sessions, business meetings, workshops

May 21, 2020 - the final of the competition-exhibition of student projects

**BIOTECHPHARMA**

June 30, 2020 - the end of the selection of materials for the publication of full-text articles and notification of the authors

September 15, 2020 - publication of a collection of full-text articles on the Atlantis Press platform

There is a possibility for absentia participation in the symposium.

***Languages: Russian, English***

At the beginning of the symposium an electronic collection of conference abstracts will be published. The collection will be assigned ISBN. Abstracts (up to 2 pages, .doc format) for publication in the collection of works of the symposium are drawn up in accordance with the TEMPLATE (Appendix 1).

Following the results of the symposium it is planned to publish full-text articles in English on one of open access on-line platforms devoted to the publication of scientific conference proceedings. The initial selection of materials is carried out by the organizing committee then the articles will be subjected to external peer review.

The organizing committee does not plan to edit articles or return them for revision.

The registration fee of the participants of the symposium is:

8000 rub. (participation, publication of abstracts + submission of full-text article)

500 rub (absentia participation with the publication of abstracts)

The registration fee should be paid to the university account.

For employees, graduate students and students of NRU "BelSU" participation is free.

**ABSTRACT TITLE (TIMES NEW ROMAN 14,  
CAPITAL LETTERS, BOLD, CENTERED, LINE SPACING 1)**

1 empty line

*Sidorov A.A.<sup>1</sup>, Kuznetsov A.B.<sup>2</sup> (name of the authors, Times New Roman 14, bold, italics, centered, line spacing 1)*

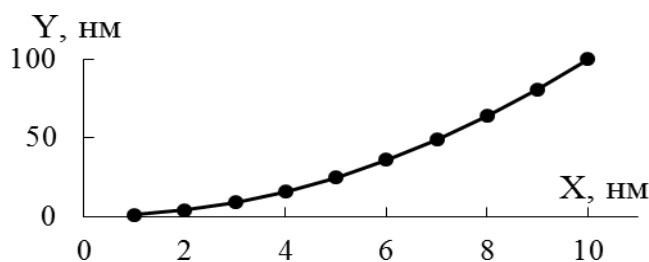

1 empty line

1 – full name of the first organization, country, city, e-mail  
(Times New Roman 12, full justified, single-spaced, no indents).

1 – second organization (if any)

1 empty line

Abstracts in electronic form (no more than 2 pages, all margins 25 mm, font: Times New Roman 14, full justified, spacing 1, indent 1 cm). The name of the file with the abstract should consist of the name and initials of the first author in Latin, for example, SidorovAA. Abstracts are written in Russian or English.

**Рис. 1.** Пример зависимости  $y$  от параметра  $x$ .

Figures and illustrations should be inserted “in the text” (see object format-> position-> in the text). Placing objects in front of or behind the text is excluded. Figures are given in black and white, color illustrations will not be reproduced. If the character is in the Unicode table, it should be inserted as text, and not as a picture or formula ( $\pm$ ,  $^\circ$ ,  $\text{\AA}$ ,  $\leftrightarrow$ , etc.). Structural formulas of chemical compounds are inserted as drawings.

References to literary sources are numbered in square brackets [1] and are given in the list of references in the order they appear in the text.

*Link about the support of the work at scientific foundations (Times New Roman 14, text (italics, full justified, line spacing 1)*

1 empty line

References (TimesNewRoman 12, text (full justified)

1. Петров И.В., Серегин А.А., Яблонов Я.Н. // Журнал физической химии. 2014. Т. 91.

№ 3. С. 218. (automatic links numbering is prohibited)

Please don't use such design as margins, styles, headers, links, automatic numbering.

**ABSTRACTS WHICH ARE NOT FORMED BY THESE RULES WILL NOT BE ACCEPTED TO THE PUBLICATION AND WILL NOT BE RETURNED FOR REVIEW AND REWORK!**
